

Council for Native Hawaiian Advancement's Next Generation Leadership Program

When emerging leaders from the next generation are able to serve our Native people, they add to the foundation built over centuries that secures our collective future. We must foster and engage their energy and talent.

Native Hawaiian, Alaska Native and American Indian organizations and corporations have united to support the next generation of young Native leaders.

Intern and Fellow Positions Available. Native corporations and organizations are encouraged to become Mentoring Partners to host emerging leaders!

For more information, contact CNHA at 808.596.8155, toll free at 800.709.2642, or by email at info@hawaiiancouncil.org.

Mahalo to the 2009-2010 partners for sharing your experience and creating opportunities in business and culture for next generation leaders!
